Plan Review Submittal Packet
Food Safety Program

LICENSING
All food businesses in Franklin County are required to have a food service operation or retail food establishment license issued by Franklin County Public Health (FCPH). If you plan to open a restaurant or retail food establishment, change ownership, remodel an existing location or change your license status (i.e. change of menu or food preparation and processing methods), you must submit a plan review packet. If you have any questions regarding plan approval or licensing, please contact the Food Safety Program at 614-525-3160, or by emailing food@franklincountyohio.gov.

GETTING STARTED
Ohio Law requires that every food operator be licensed prior to operating. All new retail food businesses and those performing extensive alterations or remodeling must complete the plan review process.

STEPS FOR SUBMITTING A PLAN REVIEW:

STEP 1 – SUBMITTAL OF PLANS
• Complete the attached “Plan Review Application”
• Submit the application along with the Plan Review fee
• Submit one (1) complete set of drawings of the facility
• NOTE: Your application should be submitted at least 30 day prior to construction.

STEP 2 – PLAN REVIEW AND APPROVAL BY FCPH
• Your application and information submitted will be reviewed by our department within 30 days upon receipt.
• A letter will be mailed informing you of any additional information or changes that are required to meet code requirements, if any.

STEP 3 – CONSTRUCTION INFORMATION
• Ensure all contractors and subcontractors are properly licensed.
• Ensure your contractors obtain all necessary permits through the Building Service Department in your jurisdiction.
• Contact your local Fire Department for fire code information and a Life Safety Inspection of your facility.
• Prior to plumbing installs or plumbing system modifications, contact the FCPH Plumbing Program at 614-525-3160

STEP 4 – INSPECTION
• Prior to opening your establishment, it must be inspected by FCPH.
• If the facility meets code requirements at the time of pre-licensing inspection, it will be approved to operate once a completed application and the corresponding fee is received (see Schedule of Fees).

NOTE: FCPH will make all attempts to accommodate your timeline for the final inspection, but please plan in advance and contact us at least 1 week ahead of your desired inspection date. Call 614-525-3160 to schedule an appointment.

Rev 8/2018
EDUCATION REQUIREMENT
As of March 1, 2010 the Ohio Revised Code requires that at least one person in charge (PIC) per shift of a food service operation or retail food establishment must have attended the Level One training or an equivalent approved training prior to the business being licensed. Proof of completion will be required to obtain the proper food license.

PLAN REVIEW SUBMISSION
An application to conduct a food service operation or retail food establishment may only be completed after the plans for the operation have been reviewed and approved.

In order for the plans to be reviewed, the owner/operator must first submit a Plan Review Application, along with the required fee for the plan review.

Once the plans, information and menu are reviewed and approved and the proper risk classification and licensing fee are determined, you will contact us to schedule a pre-licensing inspection. This inspection ensures that the operation as well as the menu and methods of food preparation are consistent with the plans that were submitted.

Upon a satisfactory pre-licensing inspection, the appropriate fee will be collected and the appropriate license will be issued.

This application is complete and accurate to the best of my knowledge. I understand that incomplete plans may delay the plan approval process. I am submitting a set of plans, a menu and the plan review fee.

Signature of applicant: ________________________________ Date: ________________

Submit Plans To: Franklin County Public Health

Rev 8/2018
You must provide the following information in your plans:

**General requirements:**

1. All plans must be legible and drawn reasonably to scale.
2. A detailed drawing of the area used by the business including all entrances, exits, windows, and doors.
3. A statement indicating the seating capacity and square footage.
4. The plans must contain the exact placement of all equipment within the food facility. This includes sinks, cooking equipment, and refrigeration units.
5. All surfaces must be smooth, easily cleanable, and non-absorbent. A complete list of surface finishes must be submitted along with the plans, or detailed on the plans.
6. A complete list of all food items that will be prepared and served.
7. The number and location of all lighting fixtures. All lighting in the storage, cooking, and preparation areas must be shielded.
8. All restroom doors that open into food preparation/cooking areas must be self-closing.

**Plumbing Requirements:**

1. The location of all plumbing fixtures. Including the placement of all hand sinks, toilets, food preparation sinks, and the three compartment sink.
2. The three compartment sink must have drain boards on each end, or a moveable cart to be used as a drain board.
3. The location of the mop sink.
4. The size and location of the hot water heater.
5. The size and location of the grease interceptor. At minimum, all three compartment sinks must discharge into an approved grease interceptor.
6. An indirectly drained food preparation sink will be required if food will be thawed in water or if food will be washed.

**Equipment Requirements:**

1. A list of all food equipment with the manufacturer and model numbers listed. All food equipment should be approved for commercial use by a testing agency such as NSF.
2. All refrigerators must have a working thermometer and must maintain 41 degrees or less.
3. Proper thermometers available for testing food temperatures (stem thermometer).
PLAN REVIEW CHECKLIST

The following information must be included as part of your plan review. Please complete the checklist and submit it with the application.

Please indicate if you have included the listed components in your plan, or if a component is not applicable to your establishment.

Please answer all of the following questions:

### Establishment Type

(Check all that apply)

- Restaurant or Diner
- Meat/Fish Market
- Convenience Store
- Coffee Shop
- Grocery Store
- Bakery
- Caterer
- Long Term Care Facility
- Child Care Facility
- Pizza Shop
- School
- Bar
- Micro-Market
- Other (please specify below)

### Facility Information:

1. What is the square footage of the facility that is devoted to food?

2. Number of seats, if applicable

3. What is your water supply source (municipal or well)?

4a. Is your sanitary sewage public or semi-public?
   - a. ___________________
   - b. ___________________

5. Is your equipment commercial grade and approved by a certifying agency such as NSF?

6. Are all surface finishes smooth, cleanable, and non-absorbent?

7. What is the holding capacity of your hot water heater?

### Please answer the following questions as: No/Yes or Not Applicable (NA)

8. Will you be utilizing Reduced Oxygen Packaging for Sous Vide or Cook/Chill? **If YES, you MUST submit a formal HACCP Plan for approval prior to opening.**

9. Have you submitted and received approval from the designated plumbing program (Franklin County Public Health or local jurisdiction)?

10. Does your kitchen 3 compartment sink discharge into a grease trap?

11. Does your walk-in units, dry storage, warewashing, food preparation areas, and restrooms meet the minimum lighting requirement below?
   - 10ft Candles: Walk-in coolers and dry storage
   - 20ft Candles: Restrooms
   - 20ft Candles: Warewashing
   - 50ft Candles: Food preparation areas

12. Are your ice machines and preparation sinks indirectly drained (proper air gaps are present)?
### Interior Finishes:
Complete the following chart to indicate all interior finishes OR indicate the reference number on the plans of your facility layout. All surface finishes must be durable, smooth and cleanable. Please contact our office at 614-525-3160 with questions regarding acceptable finishes.

*If the location is not applicable, put N/A in the box.*
